

Salesforce: Administration Essentials For New Admins

Duration: 5 Days

Description

Comprehensive and hands-on, Administration Essentials for New Admins is the core training that ensures your success with Salesforce. It's a must for new administrators. We recommend administrators take this course before starting a Salesforce deployment or when taking over an existing deployment.

At the end of course , you will be able to

- Customize your application, including page layouts, fields, tabs, and business processes
- Create a secure Salesforce environment
- Maintain and import clean data
- Create high-value reports and dashboards
- Set up workflow automation

Audience

- Administration Essentials for New Admins is designed for:
- New system administrators responsible for the setup, configuration, and maintenance of their organization's Salesforce applications
- Other groups that would benefit from deepening their knowledge of Salesforce, including power users, sales operations, and IT managers
